

SOLUTIONS ON DEMAND

www.cbtcompany.com

Dear Valued Customer,

If you have had a relationship with CBT in the past I thank you for your business and trust you will allow us to continue to work with you.

Should this be our first contact I appreciate the opportunity to introduce CBT to you and your company. Our roots have been in Cincinnati, Ohio since 1921, but in 1989 we came north to Dayton Ohio. After 10 years in Dayton we built a 20,000 sq. /ft. facility in Springboro, Ohio. We picked Springboro because it afforded us the opportunity to work closely with a large group of customers in Butler and Warren counties plus have easy access back into the greater Dayton trading area.

We have evolved from a power transmission supplier to a complete automation specialist. With the addition of Rockwell Automation (Allen-Bradley) to our Springboro location we are now ready to offer the most complete solution to your factory automation needs.

CBT is renowned for its level of service and extensive inventory. Our sales force (both inside and outside) are ready to assist you from 7:00 AM to 7:00 PM Monday through Friday and on Saturday till noon.

If you wish to receive more information about us, then please come visit us in either Springboro or Cincinnati. We welcome the opportunity to show off our two locations and help you meet the people who stand ready to serve you.

I look forward to meeting you some day.

Very truly,

A handwritten signature in black ink that reads "James E. Stahl, Jr.". The signature is fluid and cursive, with the first letters of each word being capitalized and prominent.

James E. Stahl, Jr.
